Summary

Hey there! I am Numan, a software engineering student at International Islamic University, Islamabad.

I am a frontend developer having knowledge of HTML and CSS. I'm passionate about developing high-quality websites and eager to learn from experienced professionals in the field. I enjoy exploring new technologies and coding projects in my free time.

I'm seeking internships or entry-level positions to gain practical experience and contribute to the industry. My dedication, passion, and willingness to learn make me a valuable asset to any software engineering team. I look forward to making a positive impact in the software industry.
